Client feedback

Your treatment was healing and renewing. Many thanks! Processing recent bereavements and work stress has taken much from me. You breathed back some life with your strong, loving skilful hands. You are a wonder worker. (PF)

What an extraordinary experience. Atholl, has tuned-in, healing hands and engages in this profession like a true master. Intuitively knowing what is needed at precisely the right time. Deeply respectful of where the client is. I wish there were more healers like this out there in the world. I walked away lighter, my body deeply relaxed, my mind still and my soul nourished ... Thank-you over and over again, I look forward to returning! (SL)

Baie dankie vir die uitstekende masering vandag!!!! Jy is wraggies by die beste by wie ek nog ooit was! 10 uit 10!!!! (AS)

Heartfelt gratitude to you for my massage. I felt so safe, loved, connected, and surrendered to the sacred space. Thank you for one of the most deeply relaxing massages I've had. (MK)
